INFORMATION PACKAGE
AND
APPLICATION FORM

December 2010

INTRODUCTION

- Council's sporting assistance provides financial assistance for local sporting teams, individuals and associations to assist them financially to participate in approved competition at State, National or International level and the quantum of such support.
- Council recognises the cost burden that competition brings and the supportive role that local government can play in assisting achievers in their various fields in sport, culture and academic endeavour at the higher level. It also recognises the value to the community, which encourages people to excel not only for personal achievement, but also as role models for the youth of the community, and the demonstration of community spirit that involvement at high levels competition exhibits.
- Council recognises the value added potential of supporting local open sporting events/championships which occur from time to time in the Community and economic returns to local businesses which such events generate as well as assisting the staging of these events and Community promotion.
- Council is prepared to provide funding sponsorships of \$250 per event (or such amount as Council may from time to time determine to the relevant organisation for the purposes of staging the event or provision of trophies.)
- The level of assistance available through the programme is limited by Council's budget decisions and its strategic priorities.
- Only one entitlement shall be considered in any one calendar year per individual, team or association who apply to the Council prior to the event for assistance and meet these criteria.
- Written evidence of individuals or teams inclusion/acceptance in State, National or International competition from the respective sports umbrella body is required in order to be eligible for funding.
- Three (3) or more individuals travelling to the same competition shall be considered a team for the purpose of this funding.
- The level of support shall apply on the following basis: -
